Re: *Technology Transitions*, GN Docket No. 13-5

Dear Ms. Dortch:

On March 21, 2014, in connection with the above-referenced proceeding, Daniel Berninger with the Voice Communication Exchange Committee ("VCXC"), and Dick Wiley and the undersigned of Wiley Rein LLP, counsel to the VCXC, met with Matthew DelNero, Tim Stelzig, Richard Hovey, and Alec McDonnell with the Wireline Competition Bureau, Linda Oliver with the Office of General Counsel, and Chief Technology Officer Henning Schulzrinne.

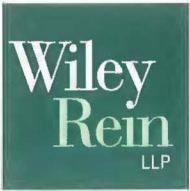

During this meeting, we discussed the Petition for Notice of Inquiry on the Migration to HD Voice filed by the VCXC on February 25, 2014 and addressed technical and procedural issues related to the HD Voice migration. We also answered questions from Commission Staff regarding the benefits of addressing HD Voice in connection with the transition to all-Internet Protocol networks and the relationship between the Petition and the technical trials, experiments, and numbering testbed research program initiated by the Commission as part of that transition process.

Pursuant to 47 C.F.R. § 1.1206 of the Commission's rules, please include this ex parte filing in the above-referenced docket.

Sincerely yours,

A handwritten signature in blue ink, appearing to be "Bennett L. Ross", written over a circular blue stamp or seal.
